

“The Oratory School Choose ARUBA”

REACT Technologies is ARUBA Networks' most successful partner in the UK. As wireless experts we are the market leader across all sectors. Our focus on the education market is unsurpassed with over 100 Education customers now on board. ARUBA Networks goes beyond normal wireless; offering peace of mind through features such as: Load balancing, auto channel setting, unrivalled security, quality of service and now speeds of up to 300Mbps with 802.11n.

The Oratory School near Reading adopted Aruba as their wireless system of choice because it met all of their requirements. It provides staff with secure access to the school network, coupled with easy-to-use Internet access for students. The Oratory School has many boarding students who need controlled, secure Internet access from their rooms and common areas and the ability to roam wirelessly within the buildings is particularly useful.

If you would like to discuss your mobility needs with a REACT wireless expert please call **01256 301900** or complete the form below and return by fax or mail for a FREE Wireless RF Plan and Inspection.

“ *The Aruba solution was exactly what the school needed, providing an easy-to-use and reliable solution which allows students and faculty access to resources in a controlled and manageable offering* ”

Mike Sixsmith – ICT Manager Oratory School
