

Healthcare - Seminar Invitation

- ✓ Save Lives
- ✓ Increase Patient Care
- ✓ Increase Efficiencies
- ✓ Reduce Costs

PERSONAL INVITATION

Swindon: Wed July 15th 2009
Basingstoke: Wed July 29th 2009

Start time: 10:30 a.m

As one of the worlds largest technology innovators Motorola understand the challenges unique to Healthcare.

Therefore we'd like to share with you both our vision of the future and how technology is benefitting healthcare professionals across the globe today.

Have you ever asked yourself...

- Can the correct use of Technology really help to save lives?
- Can Technology truly increase patient care?
- Can Technology really increase efficiencies?
- Can Technology help to reduce costs within Healthcare?

The simple answer to all of these questions, is **YES**

Healthcare - Seminar Invitation

Topics covered within this Seminar:

Where is....

How REAL TIME LOCATION SERVICES can help you identify & track patients, staff and resources.

Communications...

How mobile & wearable telephony enables instant communication to anyone at anytime

Inventory Control...

Automated tracking enables precise control of everything used at bedside, within theatre and beyond. Produce detailed costed reports for each consultant, patient or procedure: from who was in Surgery, down to the number consumables used.

Summary...

We understand your time is precious, however investing a few hours with Motorola and React Technologies, will provide you with useful knowledge which may shape how your organization responds to the challenges you face today, tomorrow and beyond.
