

Local Government - Seminar Invitation

Share Motorola's Vision for Technology in Local Government

- ✓ Reduce Office Space
- ✓ Reduce Carbon Footprint
- ✓ Increase Efficiencies
- ✓ Reduce Costs

PERSONAL INVITATION

Swindon: Wed July 15th 2009
Basingstoke: Wed July 29th 2009

Start time: 10:30 a.m

As one of the worlds largest technology innovators Motorola understand the challenges unique to local government.

Therefore we'd like to share with you both our vision of the future and how technology is benefitting Government employees across the globe today.

Have you ever asked yourself...

- Can the correct use of Technology really reduce office costs?
- Can Technology truly reduce your carbon footprint?
- Can Technology really increase efficiencies?
- Can Technology reduce costs by enabling flexibly working and day extenders?

The simple answer to all of these questions, is **YES**

Local Government - Seminar Invitation

Share Motorola's Vision for Technology in Local Government

Topics covered within this Seminar:

Agile Workforce...

Agile Workforce Initiatives promote flexible working, whilst attracting funding from both Central Government and the European Social Fund. Learn how Motorola's mobility solutions build onto your existing infrastructure and provide a future proof investment.

Reduce Costs of Moves and Changes...

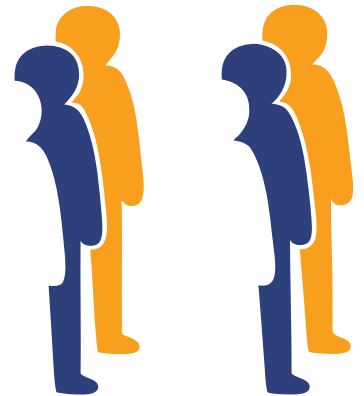

Learn how the latest today's Wi-Fi technology is as fast as a wired network, more reliable than a wired network, more secure than a wired network and dramatically reduces the costs of office moves and changes.

Government Connects...

Learn how Wi-Fi works with Government Connect; the pan-government programme providing an accredited and secure network between central government and every local authority in England and Wales. The network is known as GCSX (Government Connect Secure Extranet).

Summary...

We understand your time is precious, however investing a few hours with Motorola and React Technologies, will provide you with useful knowledge which may shape how your organization responds to the challenges you face today, tomorrow and beyond.

If you would like to attend one of our local government seminars or wish to discuss your mobility needs with a REACT wireless expert please call 01256 301900 or complete the form below and return by fax or mail.
